Operating Agreement & Franchise Tax Requirement

In the State of California, an **Operating Agreement** is **required** and should be adopted in conjunction with the filing of the Company.

California Corporations Code Section 17050, part A states:

"In order to form a limited liability company, one or more persons shall execute and file articles of organization with, and on a form prescribed by, the Secretary of State and, either before or after the filing of articles of organization, the members shall have entered into an operating agreement."

In a one Member LLC, the Operating Agreement sets forth, the business of the Limited Liability Company, its general operation and conduct of its affairs including its rights, powers, preferences, limitations or responsibilities of its members, Officers, employees and agents.

In addition to the provisions stated above, if the LLC has more than one member, the operating agreement functions as a partnership agreement between the owners. The agreement is entered into by the owners to define their duties and responsibilities to each other and to the Company. However, your cost of the Operating Agreement is only \$99.95 for a single member LLC or \$149.95 for a multi member LLC if prepared in conjunction with the formation of your LLC.

Just look at it's many provisions:

- Provides a framework for the settlement of disputes between owners.
- Prevents an owner from transferring the owner's Membership Interest to a third party without first offering it to existing owners.
- Provides a framework for the purchase and transfer of an ownership interest in the Company by the remaining Members in the event a Member dies, or becomes disabled.
- Prevents an owner from competing against the Company both now and as an ex-owner for a stated period of time.
- Requires owners to maintain the confidentiality of all customer names and other Company records.
- Prevents an owner from impairing the goodwill of the Company.
- Prevents an owner from soliciting customers of the Company except for the Company's business.

Obviously, this is a very thorough Contract. It is drafted by our attorneys and used by business owners such as yourself. This agreement is very versatile and an absolute necessity for a company with multiple owners. Remember the old adage, "An ounce of prevention is worth a pound of cure."

State of California Limited Liability Company Franchise Tax Requirement:

The Franchise Tax Board of the State of California states:

Every limited liability company which is doing business in California or has filed Articles of Organization or an Application for Registration with the Secretary of State's Office is subject to the annual limited liability franchise tax of \$800. A domestic LLC has until the 15th day of the 3rd month after the month in which its articles of organization were filed with Secretary of State to pay the first year annual tax. Thereafter, the annual tax is prepaid for the privilege of doing business in California and is due on the 15th day of the 4th month after the beginning of the taxable year. LLCs must file form FTB 3522, Limited Liability Company Tax Voucher, to pay the annual tax. The tax must be paid for each taxable year until a Certificate of Cancellation is filed. Questions regarding franchise tax requirements must be directed to the Franchise Tax Board.

Once your Limited Liability Company order is received, one of our attorneys will contact you directly to discuss any further questions you may have.

The bedrock foundation of many service businesses is a customized written agreement entered into with its customers. Many franchises sold for tens of thousands of dollars are business formats revolving around a Service Agreement. The key with a Service Agreement is to make it work as a marketing tool offering the business services in the widest variety of formats to your customers. For example, a one-time use customer needs to be converted to a monthly, quarterly or annual type repeat customer. At Spiegel & Utrera we want to help you get, and keep, your customers while looking professional and at the same time maximizing each sale with a friendly service agreement. A Service Agreement is only \$367.95 if ordered at the time of forming your LLC. We will prepare a draft of your Service Agreement and deliver the draft by fax or email to you for your review. Once you have had an opportunity to review the Service Agreement we will meet over the telephone to discuss the various aspects of the draft Service Agreement. Thereafter, Spiegel & Utrera will make changes to the Service Agreement to finalize it. Once the Service agreement has been finalized and delivered to you, you should take it to your printer to be printed and padded so it will always look professional and non-negotiable.

We will also prepare the necessary documentation for the LLC to be taxed as an S Corporation, in order to receive the maximum tax benefits available to you. The fee for our office to prepare all your documentation is \$125. If you instead wish to be taxed as a partnership, then we would recommend that you consider adding another member, it could be a parent, a sibling, a child, or perhaps by forming another corporation to be the other member. The other member could have a very small percentage of ownership interest in the LLC and you could limit their ability to vote, it is therefore also important to prepare and enter into an Operating Agreement between the members, and LLC to clearly spell out all the terms and conditions between the members and the LLC.

Dual Class LLC

The Spiegel & Utrera, P.A. Lawyers Dual Class LLC is designed after IRS proposed regulations which allow an LLC to be deemed a partnership for Federal Income Tax purposes to have members/owners qualified as limited partners for Self Employment ("SE") tax purposes. The use by Spiegel & Utrera, P.A. of a Dual Class LLC ownership to distinguish between a manager and a non-manager class of ownership is used to allow the non-manager membership class to be treated as a limited partner class. More importantly, the Spiegel & Utrera, P.A. Dual Class LLC is structured to admit both active management providing members in addition to more passive, capital contributing members. For those LLC members who could qualify as both, they would own a portion of each class of the Spiegel & Utrera, P.A. Dual Class LLC.

The Spiegel & Utrera, P.A. Dual Class LLC is divided as follows:

Class A General Member Units: The smaller manager class receives a priority preferred return of income (for example, a management or sales fee arrangement) that is contingent on the profitability of the LLC. It may not be a fixed compensation amount or it will constitute a guaranteed amount which is prohibited.

Class B Limited Member Units: This portion of the LLC membership interests is the cash contributing members' interest and is structured as a non-manager class qualifying for limited partner status. This class receives a cumulative preferred-priority return of profits based on their unreturned capital contributions, whereas the smaller active manager class would not.

The cost of adding the additional features required of the Spiegel & Utrera Dual Class LLC is just \$300 if ordered at the time of forming your LLC and, as an added bonus, it includes the required Dual LLC Operating Agreement.

Special Purpose Limited Liability Company for Self-Directed IRA Account

The strategy for using a Spiegel & Utrera, P.A. Special Purpose LLC for Self-Directed IRA Account involves forming an LLC with the self-directed IRA as an owner (or "member") of the LLC. Funds are transferred to the LLC which, in turn, purchases and holds title to real estate. The creation of a self-directed IRA or IRA LLC enables you to choose what you would like to invest your money in. When you are

the manager of an LLC, you have "checkbook control." That means that every time you are going to invest in a new property you don't have to have the custodian approve the transaction.

However, a special purpose LLC formed for a self-directed IRA owner has to comply with the Internal Revenue Code, Employee Retirement Security Act of 1974 (ERISA) and corresponding regulations. Such self-directed IRA owner is solely responsible for avoiding prohibited transactions and should seek the counsel of licensed attorneys and accounting professionals.

For example, if you, your wife and children have an existing LLC in which you are the only owners (e.g., 100% ownership by disqualified persons) then your IRA cannot invest in that LLC. You could, however, create a new LLC and have both your IRA and the existing LLC invest into it as founding members at the same time.

California New Hire Reporting

Federal law requires all California employers to report basic information about employees, who are newly hired, rehired, or who return to work after a separation of employment. You must submit a report for each newly hired employee. **Failure to report new hires within 20 days of their hire date may result in civil penalties.** *There may be a \$24 fine per each newly hired employee or, if the State determines there is a conspiracy between employer and employee not to report the penalty can be up to \$500 per newly hired employee.* We can provide you with a package of 6 New Hire Registration Forms for \$35. The forms are customized with your Corporation's information, and you may re-use them for each person you employ.

California Limited Offering LLC Membership Exemption Registration (Mandatory Under California Law)

The owners of an LLC may be referred to as Members or Owners. Documents indicating the ownership of an LLC may be referred to as membership certificates or securities. These terms simply signify the percentage of ownership you have in your LLC. A person cannot own an LLC without being issued membership interests.

All membership interests issued by California LLC's must comply with the LLC Securities Laws of the State of California. The regulations governing LLC Securities are very strict. Whenever you form an LLC and you decide who the owners of the LLC will be, you are determining who the members of the LLC will be as listed on the membership certificates we include with your LLC Records Book. Your LLC must file a "Notice of Transaction" with the State of California, advising the State that newly created membership interests have been issued. **The registration of the membership interests in your LLC is mandatory and in order to comply with California State law, the Notice of Transaction must be registered with the State of California within 15 days of the issuance your membership interests in the LLC; otherwise, the State of California can fine you up to \$2,500.** As long as the initial value of the securities or membership interest is less than \$25,000, we can file your registration along with your LLC formation documents for an additional \$75.

Please note: State filing fees vary for LLC membership interests at higher amounts, you may increase the value at any time, however as long as the **initial value** is under \$25,000 you may take advantage of the lowest filing fee the state offers.

PROTECT YOURSELF!

Lender's Agreement & Promissory Note

Generally, members of an LLC must note in their Corporate Records book, their initial capital contributions to determine their membership interest in the Limited Liability Company. We strongly recommend that our clients minimize contributions made into their LLC since the possibility exists that they could be held personally responsible for failure to make that initial capital contribution. One of the ways to put additional money into the LLC and still have a leg up on creditors is to enter into a lender's agreement and promissory note. This allows Owners to designate funds advanced to the company as loans instead of capital contributions. By executing a Lender's Agreement and Promissory Note immediately after organizing, you can allow for initial and future advances of funds to the company and these funds would be considered money owed to the members by the LLC instead of being considered capital contributions. The fee for a Lender's Agreement and Promissory Note at the time of incorporating is only \$75.

Indemnification Agreement

We strongly recommend that you include special provisions in your Articles of Organization and Company paperwork which significantly increase the Officers' protection in the Company and which require the Company to indemnify and hold harmless its Officers from any actions they take on behalf of the Company. If an Officer is ever sued for actions taken on behalf of the Company, these provisions hold the Company responsible, as agreed upon by the Members and Officers. Adding these provisions costs only an additional \$75. if ordered at the time of Incorporation.

Apostille

A Notarized copy of the Articles of Organization is \$ 275. This is usually used to provide proof of Incorporation when doing business with Foreign Countries.

EMPLOYEES / INDEPENDENT CONTRACTORS

Employment Agreement

If you are using employees in your business, it is important to have a written Employment Agreement to document the conditions of Employment. An Employment Agreement can be very advantageous for a business and should be required for all employees, whether new or existing. It creates a clear understanding of the arrangement between the employee and the Company and provides protection for the business. The Employment Agreement also contains other important provisions:

- It spells out the terms of employment, such as the duties, responsibilities and compensation of the employee. It states that the employee will not compete against the Company for a specific period of time after leaving its employment.
- It prohibits the employee from disclosing any of the Company's business records, computer data, trade secrets, methods of operation, et cetera.
- It prevents the employee from soliciting customers or clients of the Company.
- It prevents an employee, after leaving the Company's employment, from soliciting the Company's employees.

The Employment Agreement is prepared in such a way that you can use it over and over again to avoid additional costs in the future. By having this Employment Agreement, the Company is given substantial clout in preventing an employee from joining a competitor, or competing against the Company and disclosing business secrets to anyone. The Agreement may be re-used by the Company as it hires additional employees, the cost of the Employment Agreement is just \$150.

Independent Contractor Agreement

There are many reasons for using Independent Contractors; however, simply, verbally stating that a worker is an Independent Contractor is not enough according to the IRS. Certain criteria must be met. The IRS considers 11 factors in three specified areas: Behavioral Control, Financial Control and Type of Relationship. So, before you engage the services of an Independent Contractor, it is essential that you document that relationship with a written Independent Contractor's Agreement, otherwise the IRS could hold your Company and you personally liable for the Independent Contractor's Income Tax, Social Security, Medicare Tax and Federal Unemployment Tax, which should have been withheld. As a signatory on the check used to pay the Independent Contractor, you could be held **personally liable** for these

taxes.

The Independent Contractor's Agreement also contains other important provisions:

- It spells out the duties, responsibilities and compensation of the Contractor.
- It states that the Contractor will not compete against the Company for a specific period of time after the project is completed.
- It prohibits the Contractor from disclosing any of the Company's business records, computer data, trade secrets, methods of operation, et cetera.
- It prevents the Contractor from soliciting customers or clients of the Company.
- It prevents the Contractor, after leaving the Company, from stealing the Company's employees.

For a detailed explanation of the Benefits of using Independent Contractor's Agreements, including a breakdown of the 11 factors the IRS analyzes and Industry examples provided by the IRS, please refer to document 239 of this Free Faxback Service.
