Important Notices:

1. Corporations, Limited Liability Companies, Limited Partnerships and Limited Liability Partnerships must submit a completed Annual Report. Failure to comply with this requirement for two consecutive years may result in the revocation of your business privilege in this State. Submission of a current year annual report does not guarantee that your account is up to date. See number 2 below for instructions on how to verify your current business status and related information on file with the State.
2. To complete your annual report accurately, you may need to verify certain information about your business status, prior compliance with annual reporting and/or information currently on file with the State of New Jersey. To verify your business status (that is, whether you are active, revoked, etc.), the last date that you submitted an annual report, and/or business and registered agent address information currently on file, order a business status report from the Division of Revenue. Status reports are available online at www.accessnet.state.nj.us, or via the Commercial Recording Service Line at 609-292-9292 (Option 4, Status Report Service). Status reports are provided for a fee, payable by credit card or depository account. You may also verify your business name and business ID online, free of charge at the previously cited web address.
3. If you wish to dissolve, cancel or withdraw your business, you must file the proper forms. The annual report form cannot be used to deactivate a business. Likewise, if your business is inactive, revoked or voided, you must file the proper forms to reinstate or reestablish your good standing with the State. The annual report form cannot be used to reinstate a business. Call the Commercial Recording Service Line at 609-292-9292 (Option 2, Forms Line) to request the appropriate forms.
