Service Agreement

If your Corporation is a service business, you'll need a Service Agreement.

The bedrock foundation of many service businesses is a customized written agreement entered into with its customers. Many franchises sold for tens of thousands of dollars are business formats revolving around a Service Agreement. The key with a Service Agreement is to make it work as a marketing tool offering the business services in the widest variety of formats to your customers. For example, a one-time use customer needs to be converted to a monthly, quarterly or annual type repeat customer. At Spiegel & Utrera we want to help you get, and keep, your customers while looking professional and at the same time maximizing each sale with a friendly service agreement. A Service Agreement is only \$367.95 if ordered at the time of forming your corporation. We will prepare a draft of your Service Agreement and deliver the draft by fax or email to you for your review. Once you have had an opportunity to review the Service Agreement we will meet over the telephone to discuss the various aspects of the draft Service Agreement. Thereafter, Spiegel & Utrera will make changes to the Service Agreement to finalize it. Once the Service agreement has been finalized and delivered to you, you should take it to your printer to be printed and padded so it will always look professional and non-negotiable.

TAX RELATED OPTIONS

Federal Tax ID Number

The equivalent of a social security number for a Corporation. You will need it to operate your business and open a bank account for the Corporation. We can obtain this number for you and the advantage of allowing us to get it for your Corporation, is that we will deliver it with your Corporation for only \$35. so you may open your bank account immediately.

Sub-Chapter S

If you are a **Citizen or Permanent Resident of the United States**, this is the most tax advantageous type of Corporation you can have. A regular Corporation is subject to Federal Corporate Income Taxes. Therefore, profits are taxed first on the Corporate level and then again at the individual level of the shareholders to whom the profits are distributed. This double taxation could result in a combined taxation rate of 70% or higher. A Sub-Chapter S Corporation is Exempt from Federal Corporate Income Tax, so that the earnings of the Corporation flow directly to the owners. The Sub-Chapter S Corporation costs only an additional \$75. and comes with all the necessary Tax Election documents, including Corporate Resolutions and Special Stock Certificates.

Qualified Sub Chapter S Subsidiary

This is a very powerful tax strategy and tax advantage. If your Sub Chapter S Corporation is to be owned 100 percent by another Sub Chapter S Corporation, your Corporation can become a Qualified Sub Chapter S Subsidiary. The charge to create the Qualified Sub Chapter S Subsidiary is an additional \$150 provided it is ordered along with the formation of the Corporation.

stock. With regular stock, you can only offset \$3,000 against ordinary income. With the issuance of 1244 Stock, you can claim ordinary loss deduction of as much \$100,000. A company that issues 1224 stock and elects to be an S-corporation gives its shareholders the best of both possible worlds from a tax standpoint. The issuance of 1244 Stock costs only an additional **\$50.00** and comes with all the necessary documents, including corporate resolutions, plan and special stock certificates.

Nevada Unemployment Tax Registration

This number is used to withhold Nevada Unemployment Taxes from your Corporation's payroll. Generally, any employer who pays wages of \$225 or more during any calendar quarter for services performed in Nevada must register and pay unemployment taxes on those wages. If you have any employees on the payroll, including yourself, you will need to register. We can initiate the documents for this registration for you and deliver it with the corporation. The cost at the time of incorporating is only \$35.

Nevada Sales Tax Number

If you sell goods or taxable services, this is your Sales and Use Tax Permit as a retailer with the State of Nevada. This account number also allows you to buy goods for resale or export and not pay any State sales tax. The fee to initiate the paperwork for you to obtain this number is \$35. when included as part of your incorporation package.

Nevada Retailer's Resale & Exemption Certificates

State and local tax laws require that vendors have in their files properly executed Exemption Certificates given to them in good faith by all of their customers who claim Nevada Sales Tax Exemption. We can prepare a set of Exemption Certificates for you to give to vendors from whom you intend to buy goods for either resale or export to be exempt from paying State or local sales taxes. The fee for a set of 6 Re-Usable Certificates is only \$35. when ordered in conjunction with the Corporation.

Nevada New Hire Reporting

Federal law requires all Nevada employers to report basic information about employees, who are newly hired, rehired, or who return to work after a separation of employment. You must submit a report for each newly hired employee. **Failure to report new hires within 20 days of their hire date may result in civil penalties.** We can provide you with a package of 6 New Hire Registration Forms for \$35. The forms are customized with your Corporation's information, and you may re-use them for each person you employ.

Nevada Business Registration

Whenever a Corporation is filed in the State of Nevada, the Corporation is required to file a Nevada Business Registration to obtain the Nevada Business License. We can initiate the documentation to register your business for you and deliver it with the Corporation. The cost at the time of incorporating is \$35.

Indemnification Agreement

We strongly recommend that you include special provisions in your Articles of Incorporation and Corporate paperwork which significantly increase the Officers' and Directors' protection in the Corporation and which require the Corporation to indemnify and hold harmless its Directors and Officers from any actions they take on behalf of the Corporation. If a Director or Officer is ever sued for actions taken on behalf of the Corporation, these provisions hold the Corporation responsible, as agreed upon by the Directors and Officers. Adding these provisions costs only an additional \$75. if ordered at the time of Incorporation.

Lender's Agreement & Promissory Note for Corporation

Initially a corporation needs a cash infusion. Additionally, the corporation may require a continuing advance of funds for some time. How does it get the money? After the initial purchase of shares of the corporation for at least their par value, generally, the corporation has two choices on obtaining additional money; (1) shareholders pay for their initial shares in excess of their par value thereby creating excess Paid-in Capital or (2) loan money to the corporation. Lending money to the corporation is the preferred method to advance money to the corporation because the lender is seen as a creditor of the corporation. The lending of money to the corporation is accomplished with a Lender's Agreement and a Promissory Note. Both of these instruments together provide for an initial amount of a loan to the corporation and also provide for future advances of money the lender might make to the corporation. In the event of failure of the business, the loan will be fully tax deductible by the lender as a bad debt. Additionally, the lender may take this concept one step further and secure his or her loan to the corporation by using a Security Agreement. The Security Agreement is much like a mortgage generally securing all the assets of the corporation and the Security Agreement can be recorded to perfect the lien the lender may have against any other subsequent creditors of the corporation. The fee for a Lender's Agreement and Promissory Note for your Corporation at the time of incorporating is \$75.

Yes, I would also like to order the Security Agreement to go along with the Lender's Agreement and Promissory Note, the Security Agreement, if ordered at time of incorporation, is an additional \$75.

MULTI SHAREHOLDER CORPORATIONS

Shareholders Restrictive Agreement

If your Corporation has more than one shareholder, we strongly recommend you enter into a Shareholders Restrictive Agreement. This agreement is entered into by the shareholders to define their duties and responsibilities to each other and to the Corporation. It is like a partnership agreement between the Shareholders. A draft of this agreement will be prepared as part of our service, which you can review and make changes to where necessary. Also, you may discuss the agreement with one of our Attorneys. Normally, the fee to prepare such a comprehensive agreement of this nature would be \$1,500. or more. However, your cost is only \$150. if prepared in conjunction with the incorporation process.

Just look at it's many provisions:

- Provides a frame work for the settlement of disputes between shareholders.
- Prevents a shareholder from selling his stock to a third party without first offering it to existing shareholders.
- Provides a framework for the purchase of stock by the remaining shareholders in the event a shareholder dies, or becomes disabled.
- Prevents a shareholder from competing against the Corporation both now and as an ex-shareholder for a stated period of time.
- Requires shareholders to maintain the confidentiality of all customer names and other corporate records.
- Prevents a shareholder from impairing the goodwill of the Corporation.
- Prevents a shareholder from soliciting customers of the Corporation except for the corporation's business.

EMPLOYEES / INDEPENDENT CONTRACTORS

Employment Agreement

If you are using employees in your business, it is important to have a written Employment Agreement to document the conditions of Employment. An Employment Agreement can be very advantageous for a business and should be required for all employees, whether new or existing. It creates a clear understanding of the arrangement between the employee and the Corporation and provides protection for the business. The Employment Agreement also contains other important provisions:

- It spells out the terms of employment, such as the duties, responsibilities and compensation of the employee. It states that the employee will not compete against the Corporation for a specific period of time after leaving its employment.
- It prohibits the employee from disclosing any of the Corporation's business records, computer data, trade secrets, methods of operation, et cetera.
- It prevents the employee from soliciting customers or clients of the Corporation.
- It prevents an employee, after leaving the Corporation's employment, from soliciting the Corporation's employees.

The Employment Agreement is prepared in such a way that you can use it over and over again to avoid additional costs in the future. By having this Employment Agreement, the Corporation is given substantial clout in preventing an employee from joining a competitor, or competing against the Corporation and disclosing business secrets to anyone. The Agreement may be re-used by the Corporation as it hires additional employees, the cost of the Employment Agreement is just \$150.

Independent Contractor Agreement

There are many reasons for using Independent Contractors, however, simply verbally stating that a worker is an Independent Contractor is not enough according to the IRS. Certain criteria must be met. The IRS considers 11 factors in three specified areas: Behavioral Control, Financial Control and Type of Relationship. So, before you engage the services of an Independent Contractor, it is essential that you document that relationship with a written Independent Contractor's Agreement, otherwise the IRS could hold your Company and you personally liable for the Independent Contractor's Income Tax, Social Security, Medicare Tax and Federal Unemployment Tax, which should have been withheld. As a signatory on the check used to pay the Independent Contractor, you could be held **personally liable** for these taxes.

The Independent Contractor's Agreement also contains other important provisions:

- It spells out the duties, responsibilities and compensation of the Contractor.
- It states that the Contractor will not compete against the Company for a specific period of time after the project is completed.
- It prohibits the Contractor from disclosing any of the Company's business records, computer data, trade secrets, methods of operation, et cetera.
- It prevents the Contractor from soliciting customers or clients of the Company.
- It prevents the Contractor, after leaving the Company, from stealing the Company's employees.

For a detailed explanation of the Benefits of using Independent Contractors' Agreements, including a breakdown of the 11 factors the IRS analyzes and Industry examples provided by the IRS, please refer to document 239 of this Free Faxback Service. We can provide an Independent Contractor's Agreement that covers all the legal requirements and many business advantages for your Company for only \$150.

IMPORTANT INFORMATION FOR FOREIGN NATIONALS!

When foreigners form companies in the United States, many different factors must be taken into consideration before making a final decision. Here we will explain some of the different issues you should think about before you form your company. Please remember that this is general information and does not replace a personal consultation with an attorney.

If you would like to become a member of our General Counsel Club, you can pay \$139.95 over the phone with a credit card and get unlimited telephone support for the whole year! You may call 1 800 734 9900 to sign up now.

Generally, foreigners either register Limited Liability Companies or Nevada Corporations. United States Tax laws require that foreigners pay taxes on any earnings made in the United States. Regardless of their immigration status, the United States will let you form a company here as long as you register for a Taxpayer Identification Number. The process to register is not complex. Once your application is submitted, it can take up to 18 weeks for your Taxpayer Identification

Number to be assigned. Our fee to initiate this process is \$50. You **must** have this number in order to file the proper tax returns for the corporation and in some cases it is necessary in order to obtain a Federal Identification Number which is similar to a Social Security Number that is assigned to the corporation.

Corporation Vs. Limited Liability Company

Corporations

- Pay 15% to 34% taxes on profits to the IRS (only 15% of the first \$50,000 in profits).
- Have less paperwork in terms of Tax Returns that need to be filed
- Foreigners do not have to pay taxes under the corporation unless the corporation declares dividends
- Owners may act as Consultants to the Corporation under a written Consultant's agreement completing all consulting work within their home country and billing the corporation in the United States for this service. Utilizing this strategy, it may be possible to eliminate any profits and all taxes otherwise payable.

Limited Liability Companies

Are **exempt** from Federal Corporate Tax, the LLC pays no tax.

- Profits, whether distributed or not, are taxed and the Owners of the LLC must pay tax at the personal level at their individual tax rate
- Have to file both a Partnership Tax Return for the LLC, and Tax Returns for each member
- While partnership tax rules are generally more flexible, the LLC should be owned by more than one person or entity to ensure classification as a Partnership for tax purposes.
- Owners may act as Consultants to the LLC under a written Consultant's agreement completing all consulting work within their home country and billing the LLC in the United States for this service. Utilizing this strategy, it may be possible to eliminate any profits and all taxes otherwise payable.

We can file a Nevada Corporation for \$104.95 or a Limited Liability Company for \$104.95. Included in these fees are the State Filing Fees and the Attorney's Fee, and you will receive the Articles of Incorporation or Organization, the Corporation or Company Minutes, By-Laws, Kit, Membership Certificate, Seal and a preliminary name search.

Both types of companies have the same type of legal protection in terms of the liability of the owners. Therefore, which one you choose depends on your business activity and projected profits. If the company is going to have little activity in the United States and fairly small amounts of money will be made you may form a regular corporation which has a simpler record keeping process. If the company grows and earns large sums of money, you may always register an LLC in the future. If you expect to have large amounts of profits right away, you will generally pay less tax with the Limited Liability Company although more paperwork will have to be prepared for the IRS.

Federal Tax ID Number

The equivalent of a social security number for a Company. You will need it to operate your business and open a bank account for the Company. We can obtain this number for you \$35. The application for this number requires either the social security number of one of the officers of the corporation or if all the officers are foreigners, it requires the Taxpayer Identification Number of the foreign officer. We can initiate the documentation to obtain this for you at a charge of \$50.

You have 3 options to choose from when you form your company:

1. You can form your corporation or LLC and apply for a Taxpayer Identification number, wait for that number to be assigned (which can take up to 18 weeks) and then apply for the Federal Id number and wait at least another 2 weeks for that by mail.
2. You may list a friend or family member who has a Social Security Number as the Secretary or Vice President of the company in order to obtain the number
3. You may order one of our REDI CORPS with a Federal Identification number included.
